2018 Trade Associations and Policy Groups

PepsiCo discloses contributions to US trade associations and policy groups of which PepsiCo is a member and which lobby in the US at the state and federal level. The contribution ranges reflect total giving - not only annual dues, but often sponsorships for events and programs which are not affiliated with lobbying. This is especially true of associations in which PepsiCo participates due to customer relationships. For organizations over \$100,000 in contributions, PepsiCo has provided the percentage of the amount which is not deductible for business expenses because it is utilized for lobbying.
