

### PepsiCo Palm Oil Mill List 2017

The following palm oil mill list is based on information that has been self-reported to us by suppliers and has not been independently verified. Though we have made considerable effort to validate the data, we cannot guarantee its full accuracy or completeness. It covers mills that were in our supply chain in 2017 and does not necessarily reflect mills that are supplying or will supply PepsiCo in 2018. Some of these mills are associated with ongoing complaints that have been registered in our Grievance Mechanism and are being managed through our grievance process. This list will be periodically updated and amended as more information becomes available.

*Notes: As a result of the serious allegations made against REPSA and their failure to adequately address them, we made the decision to stop sourcing directly from Olmeca in May 2017. As of January 2018, we no longer received palm oil directly from REPSA. We are also working to ensure that we are not receiving palm oil from Olmeca indirectly through primary suppliers and have communicated to suppliers that previously sourced palm oil from Olmeca to remove their palm oil from our supply chain.*
