

Most of PepsiCo's philanthropic efforts are directed through the PepsiCo Foundation - our company's philanthropic arm. The Foundation invests in the essential elements of a sustainable food system with a mission to support thriving communities. Working with non-profits and experts around the globe, we're focused on helping communities obtain more equitable access to food security, safe water and economic opportunity.

This report lists detail on the grants the Foundation disbursed during its 2022 financial year (December 26, 2021 – December 31, 2022), which aligns with PepsiCo's financial year. Grants shown here encompass the entirety of the Foundation's global giving during this time period, and include donor advised grants that were facilitated by certain of the Foundation's philanthropic partners in the U.S. such as Charities Aid Foundation of America and Give 2 Asia. While updates are not anticipated, this listing is not considered final until The PepsiCo Foundation tax return for 2022 is filed later in 2023.
