

PepsiCo Global Fiber Supplier List, 2020

Below is a list of fiber suppliers for PepsiCo's company owned operations during 2020. The list reflects our supply chain-mapping effort and is subject to change as supply chain flows evolve on a regular basis.

Wood fiber products are used in a wide range of PepsiCo's primary, secondary, and tertiary packing. PepsiCo's main fiber need is corrugated cardboard for secondary packaging. In 2020, our volume was approximately 1,250,000 metric tons. 90% of our total volume was certified to one of the following standards in 2018: CERFLOR, CSA, FSC, PEFC, SFI.
