

PepsiCo Global Fiber Supplier List, 2022

Updated July 2023

Below is a list of fiber suppliers for PepsiCo's company owned operations during 2022. The list reflects our supply chain-mapping effort and is subject to change as supply chain flows evolve on a regular basis. Wood fiber products are used in a wide range of PepsiCo's primary, secondary, and tertiary packing. PepsiCo's main fiber need is corrugated cardboard for secondary packaging. In 2022, our volume was approximately 1,661,500 metric tons.

Accurate Box Company	Empaques San Lucas
Al-Aziz Packages	Envases Impresos
